Ms. Samantha Gidcumb
Project Manager
Tower Industries, Ltd.
2101 Ninth Street SW
Massillon, OH 44647

**Subject: Recognition of MAS Certified Green® Product Designation
Meridian Solid Surface Product
MAS Certified Green® Project No.: 2400712**

Dear Ms. Gidcumb:

Thank you for your interest in the MAS Certified Green® Low VOC-Emitting Materials Certification Program. The Program has reviewed the emissions testing report for your Meridian Solid Surface Product forwarded to us by the Emissions Testing Group of Materials Analytical Services, LLC. I am pleased to inform you that your product meets the certification requirements of the MAS Certified Green® Program by virtue of compliance with the criteria of the California Department of Public Health (CDPH) Standard Method v1.2 (2017) when modeled for use in classroom settings, as well as the CDPH residential shower setting. The product also meets the requirements of LEED v4.1 for low VOC-emitting products. Qualified project uses of this product may be eligible for LEED credit.

By earning the MAS Certified Green® designation, you may mark and advertise all compliant products by incorporating the MAS Certified Green® mark on your website, product packaging and sales literature. Our mark is a readily identifiable confirmation that your products comply with the stringent indoor air quality standards of our Program. Please note that authorized use of the MAS Certified Green® mark and inclusion of all compliant products in the Program is effective for one calendar year from the date of this notification. Use of the logo beyond that date requires annual product recertification. For detailed information on the emission testing protocol and results of the sample tested, refer to the MAS report attached to this notification. You will receive your MAS Certified Green® Certificate of Compliance in the next several days along with any additional paperwork we may need to complete certification of your product, and your company and certificate will be posted on our website: www.mascertifiedgreen.com.

Thank you for your participation in the MAS Certified Green® Program. We are pleased to have been of service to you. If you have any questions or comments, or if we can be of further assistance to you, please do not hesitate to contact us.

Sincerely,

MAS CERTIFIED GREEN® PROGRAM

Director
